Customer Service

COSCO Logistics (Americas), Inc.
World's Leading Logistics Provider

We've Defined Logistics...

& Refined Customer Service.

A tradition of excellence combined with a company-wide culture of unmatched customer service is what has made COSCO Logistics Americas a world-class, leading provider of third party logistics. With services that reach all parts of North America and resources that circle the globe, CLA offers customized solutions ready to meet the widest variety of supply chain challenges. With one call, just one point of contact, CLA will move your cargo to virtually any point worldwide through a network of strategically placed warehouses, intermodal services and specialized vendors that meet CLA's stringent standards for customer service, integrity, speed and efficiency.

The Top China Import/Export Experts

CLA is particularly noted for its extensive and unparalleled experience in moving cargo to any point in China via rail, truck or barge. Managed through three hundred local offices, CLA has the expertise, routes and services that extend throughout Asia and the Far East.

CLA is Lean and Green

From simple maintenance to major equipment purchases, CLA takes a "green" view of every decision affecting their locations, neighbors, routes, air and water. Immaculately clean warehouses, trucks and even ports truly do make a difference.

Ocean Services

Secure, full-scope door-to-door NVOCC services worldwide, for all types of cargo... Cosco Logistics Americas is licensed and bonded with global resources, offering inbound and outbound service from every major ocean carrier to more than 1600 ports in 160 countries worldwide. Integrated services allow door-to-door delivery using virtually any type or container, refrigerated, straight, bulk and anything in between, handling all intermodal requirements at either end, including, rail, truck or barge. CLA offers a complete scope of service contracts, as well as:

LCL and FCL • Forwarding • Warehousing, consolidation and distribution • Expediting • Customs clearance services • Brokerage • Documentation

Intermodal Services

Rail, trucking & barge, with complete warehousing, distribution and consolidation services...

Efficiently moving goods and cargo across the spectrum of transport services is a hallmark of CLA's leadership in the logistics industry. More than just loading from truck to rail to ocean carrier, Customers can look to CLA for faster order cycle times, and lower overall operating costs with special but essential services such as:

Cross-docking, and Transloading • Light Assembly and Packaging • Reverse Logistics • Dispatch Services • Bonded Services • Blocking and Bracing • Automated Warehouse Management Services.

Trucking

In addition to our relationship with hundreds of capable, safety-conscious carriers serving all major rail hubs, ports and cities in North America, CLA's subsidiary trucking company, Intermodal Bridge Transport, is one of the top container drayage companies in North America. With over 400 drivers contracted to drive for IBT they transport over 10,000 containers per month. Operations in Wilmington, CA (Long Beach/Los Angeles), Chicago, Dallas, Charleston, Savannah, Atlanta, and New Jersey (Port of NY/NJ region) cover most major markets. We offer a wide variety of drayage services including:

Port Drayage • Rail Ramp Pickup and Delivery • Cross-docking and Transloading • Consolidation and Deconsolidation • Bracing and Blocking • Tri-axle Chassis Service • Flat Bed and Over-Dimensional • Hazardous • Refrigerated Service, and more.

Rail

Efficiently moving goods and cargo across land in North America and China using a spectrum of leading railroads is the hallmark of CLA's leadership in the logistics industry. CLA has a direct relationship with all Class 1 railroads in North America, and is the largest third-party rail service provider in China.

US Domestic, Canadian, and International shipments • ISO containers in 20', 40', 45' available • Domestic trailers and containers available • Specialized tanker, reefer and steel product service offered.

Project Management

Simply put, CLA can move virtually anything, anywhere...

No matter how big, how complicated or how unique your project cargo is, CLA can move it quickly, efficiently, and smoothly. Specialties include:

- * Heavy Lift or Over-Dimensional
- * Dry Bulk Commodities
- * Out-of-gauge or Over-Weight Cargo
- * Exhibitions and Convention Arrangements

CLA has moved complicated cargo for many Fortune 500 companies operating within multiple industries -- construction, oil and gas, chemical, nuclear, manufacturing, aviation, electrical, and more. The CLA team will marshal the special transport equipment and personnel necessary, survey locations and routes, arrange for all necessary permits, manage port requirements, and handle rigging, loading and unloading, all outlined in comprehensive plan that anticipates all contingencies and keeps you up to date and informed as the move progresses. CLA files hold a range of examples of challenging but successful projects managed for our customers, moves that have made the seemingly impossible possible.

Warehousing & Distribution

CLA offers a full range of services from our own distribution center in Chicago as well as services provided through our extensive network of warehouse partners. Our own warehouse network in China is the largest & unsurpassed by anyone. We provide end-to-end warehousing and distribution solutions that are custom made, keeping flexibility to meet the individual needs and volume of the customer our paramount concern.

Tracking & Tracing

With a complete suite of electronic and digital services as well as dispatch services available 24/7 your cargo arrives where and when you want it with minimum hassle and maximum cost efficiency.

CLA is Serious About Customer Service

It's no surprise that in an environment that rewards experience and fosters initiative and innovation that the majority of CLA's employees and management have been with the company for many years. Logistics is truly a relationship business. With long associations with our customers and trust in our vendors CLA is known for the ability to simplify and streamline the process of moving goods around the corner or around the world.

CLA is Ready to Work for You...

COSCO Logistics Americas knows that proper management of transportation and logistics costs is a powerful driver of bottom-line profitability.
