

Making Sense Out of Every Link in the Supply Chain

CLA

Moving Goods Across Countries and Continents

COSCO SHIPPING Logistics (North America) Inc.

Full & Comprehensive Logistics Services that Move Quality & Quantity to Your Customer

COSCO SHIPPING Logistics (North America), known as **CLA**, was founded to vertically integrate the range of supply chain services and vast resources available from the global shipping giant **COSCO Shipping Lines**. Now, **CLA** has grown to become the world's leading provider of third party logistics by combining extensive facilities, assets and equipment with a level of customer service that is setting standards for the industry. With strategically located warehouses and a virtually infinite range of supply chain services **CLA** connects shippers with all of North America and ultimately the world. Essentially, no matter what the cargo or where the destination, **CLA** can move it efficiently, safely, and securely, with a suite of management technologies that streamlines the entire process. What's more, **CLA** knows China and the Asian hemisphere better than any other, with more than 400 overseas branch offices able to arrange transport to any point, by truck, rail, air or barge.

Domestic Rail **CLA** is an (IMC) and, offers decades of experience providing domestic Ramp-to-Ramp ISO container stack train service, with highly competitive incentive-based rates sourcing **COSCO SHIPPING** & Leasing Companies ISO containers. Multiple full service warehouse capabilities near strategic hubs and ports. Third Party line haul services available for container asset providing shippers. Contact: CLARail@coscologam.com, Phone: 281.442.3200 Ext: 6710

NVOCC COSCO SHIPPING Logistics (North America) **CLA** is a licensed and bonded **NVOCC** with global ocean and air resources, offering inbound and outbound service from every major carrier. Integrated services allow delivery door-to-door for all types of cargo, including all inter-modal requirements at either end, including, rail, truck or barge. Contact: Import@coscologam.com & Export@coscologam.com Phone: 201.422.8510

Trucking In addition to our relationship with hundreds of capable, safety conscience carriers serving all major rail hubs, ports and cities in North America, **CLA**'s subsidiary trucking company is one of the top container drayage companies in North America. With over 300 owner operators we're moving more than 10,000 containers per month. Facilities are located close to major market hubs with operations in Wilmington, CA (Long Beach / Los Angeles), Chicago, Dallas, Houston, Charleston, Savannah, Atlanta and growing. Contact: IBTInfo@ibttruck.com

Truck Brokerage network is comprehensive, with a range of available equipment that includes 53' Dry Vans, Drop Decks, Flat Beds, Tri-Axles, and more. Essentially able to move anything anywhere across the country or around the world, **CLA** offers you trucking solutions that are economical, cost efficient and designed around your customers' needs. Contact: CLABrokerage@coscologam.com

Project Logistics No matter how big, how complicated or how unique your project cargo is, **CLA** can move it quickly, cost-efficiently, and smoothly. Specialties include heavy lift or over-dimensional, valuable and delicate, out-of-gauge or over-weight cargo, and dry bulk commodities. **CLA** has the national and international resources, unmatched experience and unique problem-solving skills necessary to move specialized cargo anywhere, worldwide. Contact: CLAProject@coscologam.com

Warehousing With locations at major hubs that each offer ample square footage for storage, alarmed and sprinklered, and with drive-in doors for indoor loading, **CLA** can provide warehousing and distribution services that help you move product door-to-door from manufacturer to customer, supplier to retailer on time, safely and securely. Contact: CLAWarehouse@coscologam.com

Port Transloading will pick up your container pier-side and restore, reload or reorganize your shipment with a range of value-added services to continue to destination via truck, rail or barge. **CLA**'s warehousing and transloading facilities are located in or are convenient to busiest ports nationwide, moving your cargo quickly to market with operations running 24/7. Contact: CLAWarehouse@coscologam.com

Cross Border Services **CLA** knows the ins and outs of Cross Border trucking – regulatory, customs, immigration, and other country-specific regulations and details, operating safely and securely across North America, (MEX/USA/CAN). **CLA** services all ports of entry, aligning and expediting requirements for transporting freight across borders north and south. Contact: IBTHou@ibttruck.com

Contract Logistics can develop and oversee all or any part of your supply chain – planning, designing, building and managing every detail. **CLA** has unmatched domestic and global resources and experience that runs the gamut – from warehousing to transportation to distribution. **CLA** Contract Logistics can enhance your current capabilities, assume complete supply chain responsibility, or create the logistics services and systems you need to manage the process.
